# UNSTOPPABLE YOUTH SPORTS

The Unstoppables Youth Sports was founded by two moms that envisioned a world where their sons and their friends could be included in sports and social activities. The Unstoppables is a 501©3 non-profit that provides opportunities for children with special needs to participate in sports and other activities with their typical peers. The league makes each sport and activity accessible to the child's individual ability to facilitate inclusion, acceptance and barrier free participation with their typical peers. Unstoppables play FREE of charge and all equipment is provided thanks to sponsors and donors. This effectively removes all barriers and provides full inclusion for all families, regardless of residency or financial constraints.
